At Covenant Christian Academy we are committed to being an extension of Christian families for the teaching and training of the whole student – spirit, soul, and body. Our teachers are highly experienced and extremely devoted followers of Jesus Christ, and provide a warm, family atmosphere with love and grace.

The Christ-centered curriculum shows God as the Center of our universe, our lives and our school. He is the basis of all knowledge and therefore the Head and Cornerstone of the Academy.

“...in order that they may know the mystery of God, namely, Christ, in whom are hidden all the treasures of wisdom and knowledge.” Colossians 2:2,3

Covenant Christian Academy was founded in 1975 as a ministry of Central Assembly of God Church of Bethlehem, Pennsylvania. It is now a parent-run school located at Emmanuel Evangelical Congregational Church in Bethlehem. The Word of God is the daily Guide for moral character.

**You Have a Choice. Choose Covenant Christian Academy!**

#### Child Care

Central Daycare is located a few miles from our facility, and they provide before and after care for a small fee. They also provide bussing to and from our school.

#### Transportation

Covenant Christian Academy uses local school district bussing where available. Eleven surrounding districts provide bussing (however, Allentown School District provides buses only for grades K-5).

#### Lunches

Nutritious cafeteria lunches are provided daily by the church kitchen staff. Parents also are free to provide sack lunches if desired. Our kitchen staff are educated to adhere to our strict policies regarding allergies so our children are not exposed to those foods which could endanger or cause harm to them.

#### Tuition

Our tuition is one of the most affordable compared to other Christian schools in the area. Multiple student discounts are available, as well as payment plan options. Current prices are available upon request through the school office.

#### Why Choose Us for Your Child's Education?

Here at Covenant Christian Academy, our mission is to provide excellence in education, but also an education that equips each child to live faithful, God-honoring lives, whatever his or her calling.

We have teachers who genuinely desire to be here and are a positive influence in our children's lives. We have high expectations to help our students learn important life lessons which will be carried with them beyond the class-room.

We know it is important where you send your children, because wherever they get their education, they are shaped in many ways:

Academics

Skills

Character

Worldview

Spirituality

We provide a safe, loving, caring Christ-centered atmosphere. Our classes are small, allowing for greater interaction with the teachers.
